Dear Friends,

Life has been much more exciting now that our shelter is open. We are saving and will save 1500+ animals every year. While we are excited, I cannot over estimate the importance of our projects in making this happen. All our income is spent on service and education. We need funds for general operations and our spay / neutering programs. Our aim is to be able to neuter 100% of all pets of age before leaving the shelter. Regardless of whether you walk or donate, everyone is invited to visit and see firsthand how the animals are cared for in our new facility. Besides, you may find a friend that will leave paw prints on your heart.
